

WE BUILD THEM ALL

Dwayne Enterprises is a farmer owned and operated company. We have been building hopper bottoms since 1987, and now with over 15,000 built we know what we're doing!

Whether you need one 14' cone or a 600,000 bushel system, we can do it. And at a price and quality few can compare with.

HOPPER BOTTOMS

← X trough aeration systems

Custom built to any brand and capacity. Standard features: Manhole, 15" chute, outside paint. Options: Heavy duty skid base up to quad 8"x4", 16" covered bearing chute, inside paint, V or X trough aeration with round or rectangle inlet.
